Dirtee Disco

Dizzee Rascal

Life's too short to be livin' with stress
I'm too young to be all depressed
I can't complain, i'm highly blessed
And there's one thing that i want to get off my chest
I'm free as a bird, i'm high as a kite
I could do what I want and i'm doing alright
Thats why I might just celebrate tonight
And if you aint down with it then get on your bike
To sank elswhere, who the hell cares
I'm in great shape, you need healthcare
If you cant say something nice then keep quiet
Or come to the club, there's girls there
I'm goin' to rave 'til 6 in the mornin'
I can already hear the baseline callin'
Just make up your mind, stop stallin'
And don't be half assed 'coz i'm all in
So if your wallet aint fat don't worry about it
Your car don't work we can go without it
We don't need wheels, just the will to party
I'll take you there, don't doubt it...

(Chorus)
(Dance i'll take you there)
Disco Disco Disco Disco
(Dance i'll take you there)
Disco Disco Disco Disco
(Dance i'll take you there)
Let's Go Let's Go Let's Go Let's Go...

You wanna drink? It's on me
Coca-cola, JD
I don't care about VIP
'Coz the middle of
The dance floors cool with me
I wanna shock tonight
I wanna rock tonight...

Let me be the robot tonight
so many damn girls lookin' hot tonight

so before i leave here I wanna cop tonight
So I can't just stand up against the wall
Try'na play it cool, feelin' like a fool
like i'm scared to dance 'coz i aint scared atall
So there's no point lookin' all miserable
So I've got a big grin on my face
and my hands on a pretty girls waist...

But i feel like i'm running this place
So if your wallet aint fat don't worry about it
Your car don't work we can go without it
We don't need wheels, just the will to party
I'll take you there, don't doubt it...

(Chorus)
(Dance i'll take you there)
Disco Disco Disco Disco
(Dance i'll take you there)
Disco Disco Disco Disco
(Dance i'll take you there)
Let's Go Let's Go Let's Go Let's Go...

I'm feelin' myself right now
Really revealin' myself right now
I'm actin a fool and i think it's all good
I wouldn't be nowhere else if i could
I don't ever wanna go home, lets stay
Party all night and party all day
What do you say? Tell me you're onit
Drink 'til we can't stand up then vomit
Quicker than a comit, I feel like a star
Everyone waves, they know who we are
So much love *
No need to thank the pleasure is mine
We should try do this again some time
And if your wallet aint fat don't worry about it
Your car don't work we can go without it
We don't need wheels, just the will to party
I'll take you there, don't doubt it...

(Chorus)
(Dance i'll take you there)
Disco Disco Disco Disco
(Dance i'll take you there)
Disco Disco Disco Disco

(Dance i'll take you there)
Let's Go Let's Go Let's Go Let's Go...
