Never Surrender

Newsboys

Put on the armor you've got the sword
prepare to fight for you've got the final word
the power of darkness is pushing in
they call it fashion but it's known as sin
the Evil One knows all too well
gives you the world but you burn in hell
the Lord is with you for ever more
the power of God always wins the war
Bridge:
He can give the power to make it through
He gives us the strength, He cares for youChorus
never surrender, never say die, never, never
Jesus won the battle for you and I
never surrender never say die, never, never
Jesus won the battle for you and Iyou've got the power don't be ashamed
you gotta stand up for the name of Jesus
can't be defeated he's breaking through
the power of God is coming down on you
a change is coming, it's in the air
stand up and shout He's coming back again
we've got the fire it's in our hearts
the hand of God will show you the way.Bridge
Chorus
