

Heart of Wilderness

Eternal Tears of Sorrow

The night is strong
The light's so weak
This is where it all began
It's all the same once more The times so dark
They reach the end
The ancient omens are now here
The golden beast is free, it's free I seek to find
Lost piece of time
Is the dream the hidden truth
Or shadow of the past? I fear to lose all that I have
I'm [Incomprehensible] of my own thought
And I can't find the way out I look between the stars
I breathe between the dreams
I'm just the messenger of truth
The distant voice in dark I see a falling star
Which makes my dreams come true
Could it be that now we have
All the time in the heart of wilderness? Wind through the fire
Light through the dark
Now it's time to build something new
And break the wall of lies The ruins of life I left behind
It's time to choose a brand new path
And face the myths of life I look between the stars
I breathe between the dreams
I'm just the messenger of truth
The distant voice in dark I see a falling star
Which makes my dreams come true
Could it be that now we have
All the time in the heart of wilderness?
