

# Party Like Us

## Evil Activities

Yo, here we go  
Ah, you go ahead and start

If y'all want to party  
If y'all want to party like  
If y'all want to party like we do  
If y'all want to party like us  
If y'all want to party like we do  
And it goes a little something like this here, oh!

If y'all want to party  
If y'all want to party like we do  
If y'all want to party like us, oh!  
Check the flavor of the rhythm I wrote!

Now listen  
Some of y'all might know this, and some y'all don't (Yeah!)  
Some of y'all might get with this, and some of y'all won't, but listen  
And it goes a little something like this here, oh!

Keep making noise!  
Keep making noise!

If y'all want to party like we do  
If y'all want to party like us  
If y'all want to party like we do  
Here we go, here we go

At the count of 3, I want everybody in the place to be to make some noise if you're down with me

1, 2, 3! (Yeah!)

Here we go now, a little something like

If y'all want to party like we do  
If y'all want to party like us  
If y'all want to party like we do  
If y'all want to party like us  
Yeah!

If you got a job, you're going school  
And y'all need nobody to help you handle your business

Make some noise!  
Hit me with the horns, Tony!

If y'all want to party like we do  
If y'all want to party like us, oh!

If y'all want to party like we do  
If y'all want to party like us  
If y'all want to party like we do  
If y'all want to party like us  
Check the flavor of the rhythm I wrote

And it goes a little something like this here  
These are the hits
