Phantom Always

Kenna

I can see you in my sleep
Every dream you're hauntin' me
All the angles and lines of sight
I can tell I'm in your eyes
Never once is my mind at ease
I can't breathe, I can't believeGod knows it's always somethin'
When I can feel you comin'In every move I'm makin' time and space
I know you're there in the shadows
In every burden that I try to shake
I know you're there, I feel you there alwaysThere's nothin' I can do
To free myself from you
You hold my words to the light
Reminding me of yesterdays
How can I relive these thoughts
Over and over, day by day?God knows it's always somethin'
When I can feel you comin'In every move I'm makin' time and space
I know you're there in the shadows
In every burden that I try to shake
I know you're there, I feel you thereIn every moment always
I know you're there like a phantom
In every moment always
I know you're there, I feel you thereIn every way, in everythin'
I know you're right there with me
I feel you right there by me
In every wayIn every move I'm makin' time and space
I know you're there in the shadows
In every burden that I try to shake
I know you're there, I feel you thereIn every moment always
I know you're there like a phantom
In every moment always
I know you're there, I feel you thereIn every move I'm makin' time and space always
In every burden that I try to shake
Feel you there like a phantom always
