Lemonade

Chris Rice

So go ahead and ask her
For happy ever after
'Cause nobody knows what's coming
So why not take a chance on loving?Come on, pour the glass and tempt me
Either half-full or half-empty, yeah
'Cause if it all comes down to flavor
The glass is tippin' in my favorLife gave me lemonade
And I can't imagine why
Born on a sunny day
Beneath a tangerine skyI live life without pretending
I'm a sucker for happy endings
Thanks for the lemonade
Thanks for the lemonadeNow take your time to answer me
For the beauty of romancing
Is to calm your trembling hand with mine
While beggin' love to fill your eyesI can hardly breathe while waitin'
To find out what your heart is saying
And as we're swirlin' in this flavor
The world is tilting in our favorLife gave me lemonade
And I can't imagine why
Born on a sunny day
Beneath a tangerine skyI live life without pretending
I'm a sucker for happy endings
Thanks for the lemonade
Thanks for the lemonadeI've got it made, rest in the shade
And hold my love while God above
Stirs with a spoon, we share the moon
Smile at the bees, more sugar pleaseHe really loves us after all
We're gonna need another straw
We're gonna need another straw'Cause life gave me lemonade
And I can't imagine why
Born on a sunny day
Beneath a tangerine skyLife gave me lemonade
And I can't imagine why
Born on a sunny day
Beneath a tangerine skyI live life without pretending
I'm a sucker for happy endings
Thanks for the lemonade
Thanks for the lemonadeYeah, yeah, yeah

Thanks for the lemonade
Thanks for the lemonade
