

Right Where You Are

Jack & Jack

Yeah
Girl, just stay
Yeah
Just stay
Just stay
Just stay
Just stay
Girl, just stay

Yeah, I'll be home before the sun is up
And baby let me sum it up
Just like this
You can roll a swish
I'ma roll back in a bit
And then we can do whatever you feel like
I got a list
Just put what you want
I had a bad day
Last time people pissing me up
But oh well
And the other flow came to a stound
They can try another sound
But in time you'll come around
And that's a fact
Please jump into my arms like an athlete
And now we really has each episode

Girl, just stay right where you are
You know I'm coming right back for you
Maybe I even wrote this rap for you
You way ahead of the game
You running laps on 'em, cash coming in
From many different avenues
Many different avenues
So all I'm asking you to do right now is

Girl, just stay right where you are
You know I'm coming right back for you
Girl, just stay right where you are

You know I'm coming right back for you
Girl, just stay right where you are
You already know I'm coming right back for you
Girl, just stay right where you are
I'm coming back for you

I'll be home in a minute
Girl quit tripping
Gonna lay your body down
Pay you a visit (pay you a visit now)
Yeah, know you be waiting (waiting)
And I know what you want
So I'ma give it to you just how you need

You're the baddest thing I've seen
Don't let it go to your head
Going 90 in a 55
Hoping the feds don't catch me
'Cause I've got a sexy girl
Waiting for me back home
I'ma put you to bed
Need to wake up
Like the mirror
Just how you need it
Anyway in the world
Women like you around talking diamonds and pearls
And I'll never regret the day that
I made you my girl, I'm like

Girl, just stay right where you are
You know I'm coming right back for you
Girl, just stay right where you are
You know I'm coming right back for you
Girl, just stay right where you are
You already know I'm coming right back for you
Girl, just stay right where you are

Girl I've been grinding all day
Just so I can grind with you all night
And now I'm driving on my way
I'm on a mission boo
I'm whipping through this traffic
Tryna get to you so

Girl, just stay right where you are

You know I'm coming right back for you
Girl, just stay right where you are
You know I'm coming right back for you
Girl, just stay right where you are
You already know I'm coming right back for you
Girl, just stay
I'm coming back for you
Girl, just stay
I'm coming back for you

Girl, just stay right where you are
You know I'm coming right back for you
Girl, just stay right where you are
You know I'm coming right back for you
Girl, just stay right where you are
You already know I'm coming right back for you
Girl, just stay right where you are
I'm coming back for you

Know I'm coming back for you
Know I'm coming back for you
Know I'm coming back for you
Know I'm coming back for you
Know I'm coming back for you
Know I'm coming back for you
Know I'm coming back for you
You Know I'm coming back for you
Right back for you
