

Boy

Faith Hill

You can buy me, you can buy me any little thing
Any little thing will do
As long as it's from you You can take me, you can take me any little place
Place where we can be alone
Baby, that's all I want You don't have to change the world
For me to be a happy girl
It's just a kiss, it's just a word
And I know you love me, boy You don't have to move a mountain
Even though I believe that you can
It's just a look, it's just a touch
And I know you love me
That's how you show me, boy
I can see it, I can see it every single day
Right there in your eyes
I know you're all mine
I can feel it, I can feel it down into my bones
I'm everything you want You don't have to change the world
For me to be a happy girl
It's just a kiss, it's just a word
And I know you love me, boy You don't have to move a mountain
Even though I believe that you can
It's just a look, it's just a touch
And I know you love me
That's how you show me, boy You don't have to change the world
For me to be a happy girl
It's just a kiss, it's just a word
And I know you love me, boy
You don't have to move a mountain
Even though I believe that you can
It's just a look, it's just a touch
And I know you love me
That's how you show me, boy That's how you show me
