

Stay Tonight

Swan Lee

When you go
You don't know what you get
You might end up all alone
Through the night
The darkness of my eye
You might end up all alone Stay Tonight
I don't want you to go
I don't even know your soul In a dream
You come to me in the dark
You are leaning to my head
Cause you were strong
You told what to do
Now I'm leaning on myself Stay Tonight
I don't want you to go
I don't even know your soul Through the night
To the morning gold
I am leaving for the stars Stay Tonight
I don't want you to go
I don't even know your soul Through the night
To the morning gold
I am leaving for the stars
