## Alexipharmic

How y'all doing there, folks?  
My name is Aberdeen Washington  
And I'm a proud American and a terrorist fighter  
That's right  
Hey get me another beer bitch

Now when the day Bin Laden comes to town  
I'm a drop a deuce wipe it up with his towel  
Mow my lawn, sit on the couch, I'm a watch some football  
I pray to the lord the Cowboys win  
And beat the hell out of those damn Redskins  
Call up the boys, get drunk as shit  
Goddamn right, I'm American  
That's right, I'm American

Got a picture of Reagan above my fire  
Next to the deer I shot with my rifle  
N.R.A.? Hell yeah, I support 'em  
No pro-choice, no abortion  
Mexicans? send 'em back over the border  
Right on home to Samoa, wherever they come from  
Taking our jobs, eating out hamburgers, taking our jobs  
They're taking our jobs, I see 'em in the fields I'm taking their heads off  
I hate my job and I hate my boss  
But I love my country and I pray to God that the cowboys win  
FUCK YEAH ROMO  
That the Cowboys win

That's right, that's right, that's right, come on  
Everybody just clap your hands  
If you love our country, if you love our land  
That's right  
And if you're not clapping your hands  
You're a terrorist and you eat sand, sandwiches

The day Bin Laden comes to town  
I'm a drop a deuce wipe my poop with his towel  
Mow my lawn, sit on the couch, and I'm a watch some football  
And I pray to the lord the Cowboys win  
And beat the hell out of those damn Redskins

Call up the boys, get drunk as shit  
Goddamn right, I'm American  
I'm Ameri-fuckin'-can

Now John McCain and Sarah Palin I know you lost out there and it was a tough one  
But you're still two mavericks in my book, don't worry about it

Now listen Palin, I heard you like beer  
Me too and I don't have a six pack, but I got a beer bong in my pants  
What do you say we go get shitfaced in a helicopter and kill a moose

America, the chosen  
Guns, explosions  
McDonalds, bowling  
You don't like it, we exploit ya  
Pop a pill, get a boner  
Hell Yeah Tony Romo

Man that guy's so damn cute I want to sack his boner and ride him brokeback all the way to Wyoming  
... No homo... syke

Hey I said no homo  
Hey... fuck terrorists  
I don't mean like f-, I don't want to fuck a terrorist  
Guys I'm kidding  
I like Romo, I don't like Bromo  
I said fuck terrorists not I want to fuck a terrorist  
You wouldn't, if you caught Bin Laden you wouldn't give him one in the butt?  
For America?  
If ya said "no homo" right after ya did it?  
It doesn't count if it's terrorists  
Hey little Aberdeen, come in here

Yeah

Hey come sing the family national anthem, come on  
USA, USA, USA, USA, USA, USA, USA, Hey, Hey  
USA, USA, USA, USA, USA, USA, USA, Hey, Hey

That's right, I'm an American citizen  
Aberdeen Washington, this is my country  
And just because Barack Obama won the presidential election  
Does not mean that half the country doesn't feel the same way I do

And I came to America  
And I live in America  
Come on  
And I live in America

I do too, dad  
Let me get 'em

And I live in America  
And I live in Ameri...

Shut up, little Aberdeen shut the fuck up

My bad

Let me tell 'em  
That's right  
I'm American
