Up Middle Finger

Oxide & Neutrino

(Up middle finger
I show dem)
Didn't wanna back we
Now they beg friend
Up middle finger
I show them
Back in the day,
They didn't wanna know
They wanna dis
Bound 4 da reload
They wanna talk to Neutrino,
No no no
They wanna dis so solid so,
No no no
Didn't wanna back we
Now they beg friend
Up middle finger
I show them
Back in the day,
They didn't wanna know
They wanna dis bound
4 da reload
They wanna talk to Oxide
No, no no no
They wanna dis so solid so,
No no no
The garage scene well
It's really f***ed up
Certain guys can't,
Won't keep their mouths shut
All they do is talk about we
Something about
We're novelty cheesy
Smelling your top lip
Stop the jealousy
What, 'cause
We didn't start from 1983
Oh, I was in my nappy
Did I mention we're only 18?

Carnival '99 DJs
Put up a list telling
Other DJs not to play this
But when I asked
A certain DJ why
He gave me a
Sh*t of a reply
Later a b**** said to me
We'll never make it
With Casualty
Ha ha ha, he he he
Now the silly b****
Wants to try and hire we
Didn't wanna back we
Now they beg friend
Up middle finger
I show them
Back in the day,
They didn't wanna know
They wanna dis
Bound 4 da reload
They wanna talk to Neutrino,
No no no
They wanna dis so solid so,
No no no
Didn't wanna back we
Now they beg friend
Up middle finger
I show them
Back in the day,

They didn't wanna know
They wanna dis
Bound 4 da reload
They wanna talk to Oxide
No, no no no
They wanna dis so solid so,
No no no
Certain guys can't
Face the fact of
What we've done
Sold over a quarter
Of a million Casualty went
Straight into No 1
And they still wanna cuss come on

Oh yeah about the Casualty theme
Well no one controls the scene
So you do what you want
And you do what like
And you do what you please
Yeah, guys want to
Cuss our tunes,
Say it's sh*t
Think other people don't like it
But boy we don't care
And we got something for you
This is DJ Oxide playing in
Front of about a
Hundred thousand people
Listen to this
When I say you say
We say they say
Make some noise
When I say you say
We say they say
Make some noise
When I say you say
We say they say
Make some noise
When I say you say
We say they say
Make some noise
Didn't wanna back we
Now they beg friend
Up middle finger
I show them
Back in the day,
They didn't wanna know
They wanna dis
Bound 4 da reload
They wanna talk to Neutrino,
No no no
They wanna dis so solid so,
No no no
Didn't wanna back we
Now they beg friend
Up middle finger
I show them
Back in the day,
They didn't wanna know

They wanna dis
Bound 4 da reload
They wanna talk to Oxide
No, no no no
They wanna dis so solid so,
No no no
Hey that was
Oxide and Neutrino
