

My 2\$

Elvis Perkins

Advisory - the following lyrics contain explicit language:

My friends, the presidents I pass away
Haunt all corners {& coroners} of my current state
In no clearer measure of my living will
This is my two dollar billI feel it far less matters who I'll vote for
Than the thing I put the dollar towards
I know by now they factory farm the hill
This is my two dollar bill
This is my two dollar billZInc Lincoln turned round Jefferson
to Roosevelt in time
Pass on any to a bad man
You aid and abet the crimeCan a Washington redeem a Jefferson?
Withholding yes and with care putting in
They'll double meaning oh I know they willWhen we say 'so long Coca Cola
Look what you've done in Columbia and India etc etcSet free my winged Nike
and all the slaves who kept her company'When we cut off those Monsantoes
Of this world who must not give a fuck
Who'd shoot their own ma for a buck.My friends, do add amendments to this bill of mine
If I come to your town somewhere down the line
I'd gladly pass on the mic as a feather quillTo sign the two dollar bill
say 'this is my two dollar bill
This is my two dollar bill'
Say 'this is mine oh this is mine oh this is mine...'
