Stop

Howard Tate

Stop, baby can't you see that I can't take it no more
Stop, if you keep it up I'm gonna go through floor
Never knew how good love could be
Love's gonna make a fool of me
Everything is hazy
One more kiss could drive me crazyStop, hold it just a minute, 'cause I got to catch my breath
Stop, every time you squeeze me you scare my heart half to death
Thought I was the captain of my ship
But your love has made me lose my grip
Everything is hazy
One more kiss could drive me crazyI never knew how good a love could be
Love's gonna make a fool of me
Everything is hazy
One more kiss could drive me crazyStop, I think you're trying to take advantage of poor ol' me
Stop, when you touch my hand I'm helpless as I can be
Tell me baby, what are you made of?
What you do to me sure must be made of love
Everything is hazy
One more kiss could drive me crazy
Yes, it will
