The Other Way

Woje

I want to help you
But I don't know how
I want to soothe you
But I can't speak outI have many fears about rejection
I have many memories of pain
I have always been a little shy
So I'll turn and look the other wayOther way, other way
I will turn and look the other wayI want to hold you
But I am afraid
I want to touch you
But I'm not that wayI have many doubts about my motives
I have many fears about my greed
I have always hurt the one that I love
So I'll turn and look the other wayOther way, other way
I will turn and look the other wayI have many doubts about my motives
I have many fears about my greed
I have always hurt the one that I love
So I'll turn and look the other wayOther way, other way
I will turn and look the other wayOther way, other way
I will turn and look the other wayOther way, other way
I will turn and look the other wayThe other way, the other way
The other way, the other way
