What We Need

Up Front

frustration and anger building up
struggling for release
but fighting and violence is not the way
to put my mind at peaceargumentsdisagreements
where do they get us
pain and hurt are all they bring
why can't we get alongstop wait - there is a solution
if only this one time
communicate talk it out
just give it a chancearguing gets us nowhere
cooperation is what we need
we've gotta give another's ideas a chance
communication is the key
try to work it out peacefully
