

# What We Need

## Up Front

frustration and anger building up  
struggling for release  
but fighting and violence is not the way  
to put my mind at peacearguments, disagreements  
where do they get us  
pain and hurt are all they bring  
why can't we get alongstop, wait - there is a solution  
if only this one time  
communicate, talk it out  
just give it a chancearguing gets us nowhere  
cooperation is what we need  
we've gotta give another's ideas a chance  
communication is the key  
try to work it out peacefully
