

# Fade To Black

[Alexz Johnson](#)

Three days, eight hours, fourteen minutes gone  
You bend, I break like in every song  
Maybe I'm too scared to call  
Maybe I'm too tough to fall

[CHORUS:]

Everything you are  
Everything reminds me of  
Everything you are  
Fades to black  
Everytime I see your face (yeah)  
Screaming the secrets wishin'  
(oh-oh-oh) only fades to black

I crawl  
I fall  
Your warm embrace  
Feel your tears fall upon my face  
What makes me so bullet proof?  
What makes me act so moved?

[CHORUS]
