

# Phenomenon

## Limp Bizkit

Are you ready?  
Ain't it funny how time flies, huh?  
Out of sight, out of mind (yeah right)  
Once again back it's the incredible  
Subliminal the incredible d  
Once down in the dirt,  
Now I ain't even gotta shave  
When I'm goin' to work  
Aight, looks like I'm drinkin' tonight,  
Tomorrow I'll be sippin' on some pedialite (c'mon)  
Rock, rock to the planet rock, don't stop (c'mon)  
Rock, rock to the planet rock, don't stop (c'mon)  
Ain't it funny how time flies, huh?  
Chit chatter, that shit don't matter  
Check the flow, I organically grow,  
Like the weed I for sheezy, be letting ya know  
Oh yeah, kinda feelin' horny,  
Who that is? what it say? what it look like?  
20 eyes in my head misfit,  
And I ain't never gonna change. (c'mon)[Chorus]  
? don't think you know  
What the hell I'm all about  
(Phenomenon, something like a phenomenon)  
? don't think you got  
My shit all figured out  
(Phenomenon, something like a phenomenon)  
I'm a make ya bounce ba bounce  
Ma ma ma move ma move  
Ba ba ba break you off  
A little somethin' like this  
A little somethin' like this OK chaps, let's take it from the top, go  
All you hollywood rockstars  
Hollywood ass, wishin' you had big cash  
Rollin' like your pimpin'  
But you ain't really got shit goin'  
'Cause you ain't limpin' like the bizkit  
You're just sittin' on the sidelines  
You just fake kid, if there's a title then I'll take it  
Who-yeah hit ya with the boo-yeah

And I ain't fuckin' playin' around  
Rock, rock to the planet rock, don't stop (c'mon)  
Rock, rock to the planet rock, don't stop (c'mon)[Chorus]
