Midnight Train

Bryan Ferry

Midnight Train rolling down the track
Taking all my dreams, never coming back
The way you look, the way you hold me tight
Midnight train where are you tonight?

Hold on baby
Hold on baby please.

Midnight train so far down the line
Out of reach, always on my mind
I'll never know the meaning of your kiss
Midnight train must it end like this?

Hold on baby
Hold on baby please.

Midnight train going, going, gone
The beating of my heart is like a drum

Midnight Train rolling down the track
Midnight train never coming back
