I'll Give All My Love to You

Keith Sweat

Baby, baby, baby
My, my, my, my baby
I love you, baby
Yes, I doI love you in the night
I wanna take it real slow, baby
I understand what you told me
And if I, I didnt knowI always wanted someone just like you
I really need to hold on, hold you
Id give the world baby, to you, my darlin
You know I willI will never do anything to hurt you
Ill give all my love to you
And if you need me, baby, Ill come runnin
Only to youAnd why dont we just lay down
And hold each other real close, real close
Cause I, I dont wanna rush you, baby, no
If time is what you need the mostI always wanted to love, love you
You can make all my dreams come true
And I want to love you, oh, my darlin
You know I do, this love is waitin' over youI will never do anything to hurt you
Ill give all my love to you
And if you need me, baby, Ill come runnin
Only to youGirl, lets make love tonightSometimes, I get a little lonely, baby
And I need a little love that I can call all mine
Girl, you are the one for me, babe
I know that you are the world for me, babeI will never do anything to hurt you
Ill give all my love to you
And if you need me, baby, Ill come runnin
Only to you
