Beat The World

Pressure 4-5

Try to use a better piece of your mind
But you're inside out
And the whole world's there to see you
Does it make you want to think
About the tragic things in this lifeIf you want to cry
It's hard to deny
That it makes me want to die
For the madness thats in this world
If you want to die
Well its over now[Chorus]
If you want to beat the world
It might reach up and pull you down
If you want to find the way
The door is locked, the key is rustedSo break away from all these chains that bind you
Cut you at the wrists
Or does it make more sense to just go
And make the scar yourselfCause you like to see it bleeding
And you like the color red
But you've seen the light
Through the hate and all the lies
And the madness that's in this world
If you want to die
Then it's over now[Chorus]Too rusted... to find a way [Repeat: x 2]
I gotta find[Chorus]
