

Jackass

The Vandals

Advisory - the following lyrics contain explicit language:

You're on tour, I'm alone
Wonder just what you did with your phone
Try usin' it, I'm losin' it
Never thought I'd lose you this way
Quit the band, get off stage
Come back home, start acting your age
Look at me, look at us
I just found out I'm not allowed on your bus
Keep playin', I'll stay in
I cant' see myself sayin'
Keep playin', I'll stay in
I'll be okay
Well it was cute at the party at the lake
But haulin' your gear is more than I can take
You said this little band thing wouldn't last
Guess I'm just a jackass
Stuck outside, got no pass
You happy now? You made me feel like an ass
With you up there, and me out here
Some guy told me to stay away from your beer
Keep playin', I'll stay in
I cant' see myself sayin'
Keep playin', I'll stay in
I'll be okay
Well it was cute at the party at the lake
But haulin' your gear is more than I can take
You said this little band thing wouldn't last
Guess I'm just a jackass
Well it was cute at the party at the lake
But haulin' your gear is more than I can take
You said this little band thing wouldn't last
I guess I'm just a big jackass
I guess I'm just a big jackass
I'm just a big jackass
