Savannah

Yvonne Elliman

Oh SavannahWell, your father lends us a car
If we just won't go too far
And we always seem to come home late
Isn't that funny?Well, your family is so afraid
'Cause our love keeps growing stronger
And they really don't want us
To carry on any longerOh Savannah, Savannah, Savannah
Oh, you've taken my heart
Oh Savannah, Savannah
We can make a new start now
This situation is tearing us apartOh Savannah, Savannah, Savannah
Oh, you know we can't wait
Oh Savannah, Savannah
'Cause it might be too late if we wait any longerOh Savannah
Oh SavannahYou call me on the phone
And you tell me how you're so lonely
But my Daddy won't let me leave home
On account of you, on account of youWell, you know, well, you know
You know that we've talked this thing over before
Where can we go? Where can we go?
We can run away, we can run away, we can runSavannah, Savannah, Savannah
Oh, you've taken my heart
Oh Savannah, Savannah
We can make a new start now
This situation is tearing us apartOh Savannah, Savannah, Savannah
Oh, you know we can't wait
Oh Savannah, Savannah
'Cause it might be too late, oh Savannah, yeahSavannah, Savannah
We can run away
Oh Savannah, Savannah
We can run awaySavannah, Savannah
We can run away
Oh Savannah, Savannah
We can run awayWe can run away
We can run away
We can run away
We can run away
