Side by Side

Will Young

I don't know about this situation
It's got me down, it's brought me to my knees
If I find perfect inspiration
Just set me free, I'm begging darling please
I got to say
This is my time
I feel it's rightPlease stay with me baby
Stay with me tonight
I'm losing you lately
I don't want to say goodbye
If you wanna make it happen, maybe we can work it out
You and I, you know, have to try
Side by side
I can't hideSitting here, thinking what you say
All those words running round my head yeah
When it came, I read between the lines
Many thoughts whispered in my mind
I got to say
This is my time
I feel it's right to tell you babyPlease stay with me baby
Stay with me tonight
I'm losing you lately
I don't want to say goodbye
If you wanna make it happen, maybe we can work it out
You and I, you know, have to try
Side by side
I can't hideYou are my dream complete with me
You are my dream complete with meAre we ever gonna last forever
Are we ever gonna make it through
Don't you know that it's now or never
I cannot deny, I gotta be true to youPlease stay with me baby
Stay with me tonight
I'm losing you lately
I don't want to say goodbye
If you wanna make it happen, maybe we can work it out
You and I, you know, have to try
Side by side
I can't hide
