

Family Tree

Black Lips

It feels so cold
Walk with me
It feels so cold
Down by the family tree
It feels so cold
Walk with me
Feel so cold
Down by the family tree
Oh my God! Can I take you down?
Come on out with me!
Can I take you out
Out to the family tree?
Can I take you out?
Come on out with me!
Can I take you out
Out to the family tree? Well it is so cold
Walk with me
Looks so old
Down by the family tree
Well it looks so old
Come with me
Looks so old
Down by the family tree
Oh my God! Can I take you down?
Come on out with me!
Can I take you out
Out to the family tree?
Can I take you out?
Come on out with me!
Can I take you out
Out to the family tree? Can I take you down?
Come on out with me!
Can I take you out
Out to the family tree?
Can I take you out?
Come on out with me!
Can I take you out
Out to the family tree?
