Vaccine

Ladyhawke

In my bed I dream at night
By the man who couldn't see
He took my hand and held it tight
He said: "What will people think of me?"Sit tight, one or the other will win
Cool hand, no time for leaving, we're in
I think I'm dreaming
What will people think of me?You'll be my vaccine, yeah
And I'll be your in-betweener
We'll wake of happy air
From all our dreams, all our dreams
You'll be my vaccine, yeah
And I'll be your in-betweener
We'll wake of happy air
From all our dreams, all our dreamsCounting sheep past 2 am
Hoping you will comfort me
But still the man sits and waits
To say: "What will people think of me?"Sit tight, one or the other will win
Cool hand, no time for leaving, were in
I think I'm dreaming
What will people think of me?You'll be my vaccine, yeah
And I'll be your in-betweener
We'll wake of happy air
From all our dreams, all our dreams
You'll be my vaccine, yeah
And I'll be your in-betweener
We'll wake of happy air
From all our dreams, all our dreamsSit tight, one or the other will win
Cool hand, no time for leaving, were in
I think I'm dreaming
What will people think of me?You'll be my vaccine, yeah
And I'll be your in-betweener
We'll wake of happy air
From all our dreams, all our dreams
You'll be my vaccine, yeah
And I'll be your in-betweener
We'll wake of happy air
From all our dreams, all our dreamsFrom all our dreams, all our dreams
From all our dreams, all our dreams
From all our dreams, all our dreams

From all our dreams, all our dreams
