

# Fly - FKJ remix

[June Marieezy](#)

Why you waitin  
Be the lightMy three sixty degree reality  
sunset beach I don't need HD TV  
I want the real thing  
living off a dream  
Gimmie couple thousands I'mma jet to PhilippinesMy three sixty degree ability  
Visioneer lose the fear let there be reason  
Give circulation to the nation we are one  
Everything is fun under the sun  
I just tell myself to fly  
Fly in the sun you breathe  
Fly you do not need me  
Fly in the song you sing  
Why you waitin  
Be the lightMy three sixty dollars on the shelf  
What's my wealth  
I'm the best at bein' myself  
I can tell you American dreams  
nice things from the shop  
But I really think that Asia's bout to popMy three sixty five days on the wall  
Live each day like my last  
Green like paper over plastic  
Wrap my head around the whole world is a blast  
if ya open up to magic  
I just wanna tell you fly  
Fly, you do not need me to  
Fly in the sun you breathe  
Fly in the song you sing  
Why you waitin  
Be the light(Fly) I will, I will rise with the tribe  
I can feel your vibe from the other side
