Looking around it's plain to see

So many people trying to be

Just what they want and who's to say.

They'll never get there someday.

Walk in a straight line.

Walking in a straight line.

Hard times, walking in a straight line.

Always wanting to find your way

True to yourself you've got to stay

Trying so hard, it's not easy I know

Never give up but if you have got to go.

Walk in a straight line.

Walking in a straight line.

Hard times, walking in a straight line.

One day at a time is in your mind.

You know that it can come true.

So reach for your dreams and as crazy as it seems

Believing is all you can do, oh!

Who's to say if I'm right or wrong.

I know that I've just got to be strong.

Maybe I'll never see that day.

Still I'll fight for it anyway.

Walk in a straight line.

Walking in a straight line.

Hard times, walking in a straight line.
