

# Go Away from My Window

**Linda Ronstadt**

Go 'way from my window  
Go 'way from my door  
Go 'way I wish you to leave me  
and bother me no more  
just bother me no more  
Go way from my window  
Go 'way from my heart  
You broke it up into pieces  
So now, my love, depart  
So now my love depart  
Go way from my window  
Go 'way from my door  
Go 'way I wish you to leave me  
and bother me no more  
just bother me no more  
no more  
no more  
no more
