

Messin' Around

Avenues

If it's pure and it's simple
Does it make it right?
Like I always said child
Life is hardly black and white
When you're(Messin')
 Messin' around
 (Messin')
Messin' aroundGirl slide up to you
 Lightening bolts in her eyes
 You know her actions
 Speak louder than words
You know that it's hard to fight(Messin')
 Messin' around
 (Messin')
Messin' aroundSo keep coming on baby
 Keep coming on strong
 Maybe you can save me
But before too longWe'll be coming on baby
 We'll be coming on strong
My dead eyes will open to light in this world
 Before too longIf it's pure and it's simple
 Does it make it right?
 Like I always said my child
Life is hardly black and white(Messin')
 Messin' around
 (Messin')
Messin' aroundSo keep coming on baby
 Keep coming on strong
 Maybe you can save me
But before too longWe'll be coming on baby
 We'll be coming on strong
My dead eyes will open to light in this world
 Before too longSo keep coming on baby
 Keep coming on strong
 Maybe you can save me
But before too longWe'll be coming on baby
 We'll be coming on strong
My dead eyes will open to light in this world
 Before too long(Messin')
