

Wires (Radio Edit)

Athlete

You got wires, goin' in
You got wires, comin' out of your skin
You got tears
Making tracks
I got tears
That are scared of the factsRunning down corridors
Through automatic doors
Got to get to you
Got to see this through
I see hope is here in a plastic box
I've seen Christmas lights reflect in your eyesYou got wires, goin' in
You got wires, comin' out of your skin
There's dry blood on your wrist
Your dry blood on my fingertipRunning down corridors
Through automatic doors
Got to get to you
Got to see this through
First night of your life
Curled up on your own
Looking at you now
You would never knowI see it in your eyes
I see it in your eyes
You'll be alrightI see it in your eyes
I see it in your eyes
You'll be alright
AlrightRunning down corridors
Through automatic doors
Got to get to you
Got to see this through
I see hope is here in a plastic box
I've seen christmas lights reflect in your eyesDown corridors
Through automatic doors
Got to get to you
Got to see this through
First night of your life
Curled up on your own
Looking at you now
You would never know
