

I Can't Stop Loving You

Kem

I think about the day I met the perfect stranger

I think about us

And I think about the day

I got wrapped around your finger

I think about us

The sun was shining on you

The Lord was smiling on me

And love was calling us

I had my mind made up

I can't stop loving you

I can't help myself

And I can't get over you

No matter what I tell myself, baby

Never thought I'd love anyone else

In my weakness

I think about us

And I think about the day

You left without speaking

I think about us

I think about the love we had for our children

I think about us

I think about the way we laughed without a reason

I think about us, girl

There will be no more lies

Somebody tell me why I feel like I'm dying

Lord, what's come over me?

Oh, baby, can't you see that?

I can't stop loving you

I can't help myself

And I can't get over you

(I can't get over you, baby)

No matter what I tell myself, baby

(No matter what I tell myself, baby)

I can't stop loving you, girl

(I can't stop loving you, girl)

No matter how hard I try
(No matter how hard I try)
And I can't get over you
(I can't get over you, baby)
And I don't know why

I think about us
I think about us
I think about us
I think about us
I think about us
I think about us
I think about us
I can't get over you, baby
Girl
