

# Baby, God is Dead

## Nightstalker

Baby, God is dead  
He had an overdose  
He went straight to hell  
Heâ€™s never been before  
Evil is back again  
The planet is getting hot  
No one is safe my friend  
Cause now youâ€™ll see him roam

Baby, God is dead  
He went straight to hell

I just lost my head  
I'm out of control  
All my body burns  
Iâ€™m ready to explode  
You canâ€™t see me now  
Iâ€™m not here at all  
You can feel my spell  
Now, you can hear my call

Baby, God is dead  
He went straight to hell

-Bass/Guitar Solo

Baby, God is dead  
He left us all alone  
We can do it right  
We can do it wrong  
He wonâ€™t come back again  
You'll never find him home  
He stopped to believe  
Doesnâ€™t believe he's god

Baby, God is dead  
He went straight to hell
