

# Joan

## Erasure

Never tasted Power generation  
You live up your life and it feels like fire, oh oh  
Suspended in animation  
A trick of the light and it drives you higher, oh oh Blind vision blind faith  
You really can be sold if you dare to disagree It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy It's just not within the scheme of things  
To give up your life so easily, easily Psychic celebration  
Look up in the stars and see Venus rising, oh oh  
Rapture, fascination  
You live for the night and your own desire, oh oh Blind vision, blind faith  
You really can't rely on what they tell you for effect It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy, energy Blind vision, blind faith  
You really can be sold if you dare to disagree It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy It's just not within the scheme of things  
To give up your life so easily  
That's not the way you're meant to be  
What a waste of time and energy, energy, energy  
Easy easy easy energy
