

Your Crusade

Jesus Jones

Include me out
You dig your own grave
You build your own walls
I don't believe enough, to believe in youOh no, not me
I'm not part of your crusadeDon't need your approval
Your safety in numbers
You stay in your team
I don't care enough to share your dreamOh no, not me
I'm not part of your crusadeI don't need someone like you
Expecting me to share your views
I don't believe in what you see
Has anything to do, anythingOh no, not me
I'm not part of your crusadeOh no, not me
I'm not part of your crusade
I'm not part of your crusade
