Endless Summer

Cascada

It feels like paradise
The world is closin' in
It feels so rightI start to fantasize
Of what we're getting in
'Cause now you're mine
This is our timeIt's an endless summer
Boy, I want you close to me
In an endless summer
We'll make love and we'll be freeIt's an endless summer
Boy, I want you close to me
In an endless summer
Now it's time for you and me
Endless summerMy heart beats stronger now
Now you're by my side
I'll hold you tightPlease let me show you how
We'll grab a ray of light
'Cause now you're mine
This is our timeEndless summer
Boy, I want you close to me
In an endless summer
We'll make love and we'll be freeIt's an endless summer
Boy, I want you close to me
In an endless summer
Now it's time for you and me
Endless summer
