Foreign Policy

Fear

Elimate the incompetents!
Differences don't exist in harmony!
Survival is superiority.
We don't need no hands across the sea!We've got...Foreign policy [x3]The lines are drawn!
Establish the new order!
Suspect everyone
Know your enemies! Know your enemies!We've got...Foreign Policy [x3]Hatred is purity!
Weakness is disease!
Where we bury you
It's manifest destiny!We've got...Foreign Policy [x3]
