

# Syrup & Honey

Duffy

Don't you be wastin' all your money  
On syrup and honey because I'm sweet enough  
Don't you be usin' every minute on makin' a livin'  
Because we got our love Listen to me 1, 2, 3  
Baby, baby, baby  
Spend your time on me Don't you be out all night long leavin' me all alone  
Because I, I need your love  
Don't you be spendin' every day workin' away  
Because I'm waitin' for you Listen to me 1, 2, 3  
Baby, baby, baby  
Spend your time on me Spend it, spend it, spend it  
Your time on me  
Please baby, please baby
