## Three Generators

Angel, lady in white  
Stay away, you know my forcesThe devil eyes, devil eyes  
Devil eyes, devil eyesI'll take you to Hell, you're inside my spell  
In Lucifer's mirror and I am his killerI'm the Devil, I'm devil eyesAngel, lady in white  
You've had your time, now you are mineDevil eyes, devil eyes  
Devil eyes, devil eyesI'll take you to Hell, you're inside my spell  
In Lucifer's mirror and I am his killerOh yeah, I'm devil eyes, oh yeah, I love my devil eyes  
Oh yeah, those evil eyes, oh yeah, I love my devil eyesWell I'm devil eyes, I'm gonna get youI am heading for  
the  
The gates of Hell bringing a victimShe's angel eyes, angel eyes  
Angel eyes, angel eyesI took her to Hell in Lucifer's spell  
Now I am his mirror and still I'm his killer  
Still I'm his killer, well, I'm devil eyesDevil eyes, devil eyes  
Devil eyes, devil eyes
