

# Glory To You

Joann Rosario

When I look back on my life  
I can see the way You're working in me  
Since I've been saved, old passed away  
New is my name, I owe You praises, yes Whatever You desire of me  
What You require from me  
You got it, You already know  
If You need something then tell me  
I'll do it Father, oh just tell me  
I'll do anything, oh for You Lord how can I show You I wanna live for You?  
What can I do to bring the glory to You?  
Tell me where must I go? If You lead I'll follow  
What can I do to bring the glory to You? Who's been by my side, shown in His eyes  
That I'm more precious than gold  
Lovin' me though so unfaithful  
But I'm no more, I live and breathe for You now Whatever You desire of me  
What You require from me  
You got it, You already know  
If You need something then tell me  
I'll do it Father, oh just tell me  
I'll do anything, oh for You Lord how can I show You I wanna live for You?  
What can I do to bring the glory to You?  
Tell me where must I go? If You lead I'll follow  
What can I do to bring the glory to You? Lord how can I show You I wanna live for You?  
What can I do to bring the glory to You?  
Tell me where must I go? If You lead I'll follow  
What can I do to bring the glory to You? You're my king, Lord  
I place no one above when I think of Your love  
My heart, my heart sings Lord  
In all that I do, may it glorify You Lord how can I show You I wanna live for You?  
What can I do to bring the glory to You?  
Tell me where must I go? If You lead I'll follow  
What can I do to bring the glory to You? You're my king, Lord  
I place no one above when I think of Your love  
My heart, my heart sings Lord  
In all that I do, may it glorify You Lord how can I show You I wanna live for You?  
What can I do to bring the glory to You?  
Tell me where must I go? If You lead I'll follow  
What can I do to bring the glory to You? Lord how can I show You I wanna live for You?  
What can I do to bring the glory to You?

Tell me where must I go? If You lead Ill follow  
What can I do to bring the glory to You?
