

# My Silent Undoing

## Queen Adreena

my silent undoing  
my silent undoing  
my silent undoing  
my silent undoing  
my wasp in a jar  
protruding hips  
and skull, and spine  
ribcage cuts a clear outline  
oh, oh  
all roped up and pinching in  
distorted and disfiguring  
oh, oh  
my silent undoing  
my silent undoing  
my wasp in a jar  
no photographs around the back  
emaciated, iron flat  
oh, oh  
dehydrated cutting bones  
today i'm over 7 stone  
oh, oh  
my wasp in a jar  
my wasp in a jar  
my wasp in a jar  
twinkle little star  
my wasp in a jar.
