

Bag o' Weed (ft Tray Deee)

Nate Dogg

[Chorus: x2]

I'll bring the bag of weed
You can bring the bottle of wine
Call me whenever we can get together
And have us a real good time
It's still morning
I'm still yawning
Outside my window
Someone's calling
Her name was Micky
Habits freaky
She liked to do me
Her and her homeys
Did I mention
That I'm balling
Rollin' on gold ones
That's right crawling
That's why she's jocking
Early this morning
I'm feeling under the weather
I'll soon be feeling better

Don't forget the paper this time [Repeat: x2]

(Somebody's calling)

I'll bring the bag of weed

(outside my window)

You can bring the bottle of wine

(somebody's calling)

Call me whenever, we can get together

(outside my window)

And have us a real good time
Call me whenever, but never ever after 10

'cause I got to be at home with my bitch and my kids

I hit the skin flip the twin lips of love apart

Get to diggin' in ya ligaments then bust ya heart

'cause from the start, soon as we sparked the bag I brought

I seen you chokin' through the smoke noticed your titties was taut

You caught, up in the game that I came to spit

I cracked the Hennessey and entered DP gangsta shit

You want to get with this, or is you in to twist

The game up and make me cum just to say you came up

And gained what another strike on your rap

When you coulda kept your mouth shut and right on the step
With the program knowin' damn well you wrong girl
'cause I shook you and took two of your homegirls
You played yourselves so I had to leave
Baby shoulda just chilled off this bag of weed[Repeat: x2]
(Somebody's calling)
I'll bring the bag of weed
(outside my window)
You can bring the bottle of wine
(somebody's calling)
Call me whenever, we can get together
(outside my window)
And have us a real good time(Bridge x6)
I can bring the fat ass bag of weed
I just now left the spot
You can bring the cold ass bottle of wine
And make that your first spot(Chorus x3)
(Somebody's calling)
I'll bring the bag of weed
(outside my window)
You can bring the bottle of wine
(somebody's calling)
Call me whenever, we can get together
(outside my window)
And have us a real good time
