Things That Make You Go Mmm

Stooshe

I was in my yard, putting on my face,
with that dazzle dust gracing my eyes with love,
doorbell rings, you could it be?
no one should be getting here til I'm mint seen.
Get to the door, ding-dong, who is it?
my hot postman has paid me a visit,
babe i got a package for ya it's quite big,
i licked my lips with that pillar box red ya dig.
I'm casj but he made a move,
now i know my boyfriend wouldn't approve,
he looked so good like strawberry ice cream,
yo i couldn't eat him, no.
Don't lose control al, don't take the bait,
chill baby baby, chill baby baby, paint,
i'm doing my nails babe but just so ya know,
i gotta boyfriend.
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
Here's how it started, just an example,
of how my life is all about sparkle,
living it golden love and behold them watch your behind,
there was a friend of mine named J, thought she was a boss lady no way.
This flavor is all about K,
this wink's aimed at you and this mink's paid for too,
'coz now i earn money soon i earn dollar,
an all ya gonna get is that ya really really wanna.
All i ever wanted to do is sing, yeah,
my nails are nude and my days i'm loving,
on stage with my girls, is real and it's running,
inspired by Nicki, let's hope i'm No.1'ing with my girlfriends.
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...

mmm... mmm... yeah.
- Things that make you go mmm...

things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
Give it to me, give it to me, give it to me, give it to me,
give it to me, give it to me, give it to me, give it to me,
give it to me, give it to me, give it to me, give it to me,
give it to me, give it to me, give it to me, give it to me!
Give it to me, give it to me, give it to me, give it to me,
give it to me, give it to me, give it to me, give it to me,
give it to me, give it to me, give it to me, give it to me!
Seventeen and i was having a ball, M'n'S oh yeah, i did it all,
innocent with a whole lotta crass, sawg so clash i give you whiplash,
we all about colour, we all about crackle,
oh snap, we're pop, we're hot... are you baffled?
Bubblegum with some candyfloss,
take us how ya want, be blunt, why not?
we never get offended, there's no point us defending,
we stick a song called f**k me out and we're trending.
I'm not saying untouchable 'coz we're not,
we're here to have fun and play dumb to the boss,
we're here to cause havoc and not give a toss,
we're here to be stooshe you likey, you not...
I take it all with a pinch of salt and so does my girlfriends!
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
- Things that make you go mmm...
things that make you go mmm...
things that make you go mmm...
mmm... mmm... yeah.
- Things that make you mmm...
