Bloodsport

Sneaker Pimps

I want to be a kid again
Come down having Sunday best
See me staying home bunking school
Knowing wrong from right just rulesI wish, I'd never seen your face
Better done wind of phase
I need an echo not your praise
Straying from the God you nailedMy mother, my mother
My mother never told
My mother, my mother
My mother never told meLove is just a bloodsport
Love is just a bloodsport
'Cause love is just a bloodsport
Love is just a bloodsportSex and love is not a game
A game is something you can win
Maybe something kind of fun
'Cause love is just a bloodsport sonMy mother, my mother
My mother never told
My mother, my mother
My mother never told meNever told me
Never told me'Cause love is just a bloodsport
Love is just a bloodsport
'Cause love is just a bloodsport
Love is just a bloodsport'Cause love is just a bloodsport
Love is just a bloodsport
'Cause love is just a bloodsport
Love is just a bloodsport
