Mirrorage

Glasser

We live alone, we live alone,
Ooh-ah ooh-ah ooh-ah ooh-ah...Unearthed, a great divide, a dark untrusted plane
The self a lonely terrain
With temporary lines
How... can I trust in you?
How... can I trust in you?
Ooh-ah ooh-ah ooh-ah ooh-ah...I'm stabbing at the air, at nothing
But something pulls me under...
How... can I trust in you?
How... can I trust in you?
Ooh-ah ooh-ah ooh-ah ooh-ah...A flaw in the flat screen of my mind's eye
A hot spot in the dark
