

# How Much I Love You

## The Millennium

Yeah baby  
Girl I love you, girl, I'm so sorry  
I never told you as much as I could have  
I never listened to what you were saying  
    What you were feeling  
All of your hurt, girl, I wished I could see  
    I was too busy just thinking of me  
Now is there a way, I can make you stay  
    On my knees begging you, please  
    That's how much I love you  
    I'm willing to do anything  
Whatever it takes, I'll be there for you, baby  
    Forgive me, and let me show you  
    That's how much I love you  
    I swear that I'll do everything  
I'll give you my all, my heart and soul  
I'll do more than try, don't say goodbye  
    All of those nights, girl  
We were together, you were alone  
    I was so blind babe  
To see your tears thinking nothing was wrong  
    All of your hurt, girl, I wished I could see  
    I was too busy just thinking of me  
Now is there a way, I can make you stay  
    On my knees begging you, please  
    That's how much I love you  
    I'm willing to do anything  
Whatever it takes, I'll be there for you, baby  
    Forgive me, and let me show you  
    That's how much I love you  
    I swear that I'll do everything  
I'll give you my all, my heart and soul  
I'll do more than try, don't say goodbye  
You are the best thing that's happened to me  
    It had to take this to make me see, baby  
You're the one thing that I know I've done right  
    And I can't let you walk out of my life  
    All that I wanted was just to love you  
And, baby, I swear now I'll know what to do

Baby please hear me, won't you please stay?  
Give me a chance, don't walk away  
That's how much I love you  
I'm willing to do anything  
Whatever it takes, I'll be there for you, baby  
Forgive me, and let me show you  
That's how much I love you  
I swear that I'll do everything  
I'll give you my all, my heart and soul  
I'll do more than try, don't say goodbye  
That's how much I love you
