

Rake

Plastiscines

We choose skin to refine
It shows in good time Rake it, you cut inside of me
Grind it, you pick apart again
(Boy)
Fight it, you never 'sume to face
(I'm lying)
Hate it, I wish I could escape All these things we're sayin', I don't care about
All these things we're sayin', I don't care about We don't change your mind
Strange, I don't decline Rake it, you cut inside of me
Grind it, you pick apart again
(Boy)
Fight it, you never 'sume to face
(I'm lying)
Hate it, I wish I could escape All these things we're sayin', I don't care about
All these things we're sayin', I don't care about
