Don't Fight It

Kenny Loggins & Steve Perry

Hey
There you sit
All by yourself
And everybody's dancin'
They can't help themselves, come on
The groove is much too strong
You can't hold out longer, honey
So get up, don't fight it
You got to feel it, feel it
You better get on up
And get that groove, come on
You know what, baby?
I like the way you move
Yeah, you do the thing
Like you ought to be, alright
So don't fight it, baby
You got to feel it, feel it
The way you jerk
The way you do The Twine
You're too much, baby
I wanna make you mine, come on
Yeah, after the dance
I wanna take you home, alright
So don't fight it
Baby, you've got to feel it, feel it
Don't fight it
Baby, you got to feel it, feel it
Get on up
Baby, you got to feel it, feel it
Don't fight it
Baby, you got to feel it, feel it
Get on up
Baby, you got to feel it, feel it
