The Shallow Sea

Ikon

Is this for real you ask
Or more of just the same
A flicker in the night
A world that seems so lameTake me through the far side
Across the barren stream
I see the light of earth
Inside this endless dreamI see you far from here
And fall into a trance
Confusion takes the best of meI walk a further motion
And glance into this sea
This holds to tranquilityHow could you let this be
And leave this situation
A larger part of me
Won't hold this devastationTake me through the far side
Across the barren stream
I see the light of earth
Inside this endless dreamI see you far from here
And fall into a trance
Confusion takes the best of meI walk a further motion
And glance into this sea
This holds no tranquilityThe shallow sea
