Woohoo

Raghav

Looking for love in the wrong part of town
You came along before I hit the ground
I was alone standing close to the edge
You are the reason I smile again

And I donâ€™t see the rain no more
I donâ€™t see a cloud up in the sky
I donâ€™t feel the pain no more
Suddenly everything is alright
Say woohoo ho
Say woohoo hey
Say woohoo ho
Say woohoo hey

Everything gold isnâ€™t all that it seems
You can get lost in the city of dreams
Out of the darkness and into the light
Weâ€™ll set the whole world on fire tonight, night

Cause I donâ€™t see the rain no more
I donâ€™t see a cloud up in the sky
I donâ€™t feel the pain no more
Suddenly everything is alright
Say woohoo ho
Say woohoo hey
Say woohoo ho
Say woohoo hey

I'm so high, high, high
Suddenly everything is alright
I'm so high, high, high
Suddenly everything is alright

I donâ€™t see the rain no more (high)
I donâ€™t see a cloud up in the sky (high)
I donâ€™t feel the pain no more (high)
Suddenly everything is alright (high)
I donâ€™t see the rain no more (high)
I donâ€™t see a cloud up in the sky (high)
I donâ€™t feel the pain no more (high)

Suddenly, every, suddenly every
Suddenly everything is alright (high)
